David C. Hartzell Jr

Town Supervisor
716-741-8930

Town of Clarence Participates in ***Building Safety Month May 2012*** – an International Celebration of Safe Sensible Structures.

As a part of the Building Safety Month – Town of Clarence Building Department will be holding an **Open House on Thursday, May 17th from 7am – 5pm** at the Building Department, 6221 Goodrich Road.

More information about our building department is available at www.clarence.ny.us (under departments).

When you enter a house or building, most likely you assume it is safe and was properly constructed in accordance with building codes. Fortunately, your local safety experts work hard to assure building safety and fire prevention every day. To help raise awareness of building safety, the Town of Clarence Building Department proudly celebrates *Building Safety Month* this May.

Building safety and fire prevention codes address all aspects of construction, such as structural soundness of buildings, reliability of fire prevention and suppression systems, plumbing and mechanical systems, and energy efficiency and sustainability. To ensure buildings are safe requires the active participation of building safety and fire prevention officials, architects, builders, engineers, contractors and others in the construction industry, as well as property owners.
